

A Battlefield Live Party will give the "recruits" an awesome experience of playing "Soldier for a Day" and give the parents great credibility at school ! The mission is to undertake a brand new combat game using realistic gaming guns with infra-red technology, which are totally safe - no bruises or pain - just fun ! The recruits will be deployed to base camp where the Officers will kit them up with camouflage clothing, face paint, and their very own gaming gun ... then after a full brief on the objectives of the mission and safety ... let the fun begin !
