## JACK VALENTINE

Jack Valentine is London's number one Frank Sinatra Tribute artist and comes loaded with a 17 piece band. Mr Jack Valentine, Sinatra impersonator, and one of the key figures and corporate catalysts behind the burgeoning new supper club lounge scene that's putting the swing back into London town in this 21st Century, and I mean *swing* baby. ### TENORS & DIVAS INCOGNITO

*Tenors & Divas Incognito* mixes the best of these two shows for a totally unique and unforgettable experience. Melding the timeless elegance and class of opera with the fun and relaxed approach of musicals and popular music, Tenors & Divas Incognito is an unbeatable combination. Beautiful harmonious singing, charisma and visual appeal proves this Act is world-class and one of a kind.

An example scenario for the act linking into the event:

#### **Cinderella ~**

Nervous waitress/waiter getting up as its their birthday/last day  
Waitress interrupts after the mains have been cleared and explains she has been dared by her colleagues in the kitchen to come out and sing, as it is her birthday or last day before heading off to Australia to get married. She sings badly, before the chef interrupts her telling her to get back to work. He apologises for this interruption to the evening before trying to remedy this with some more appropriate background music....  
He launches into the first aria, before the waitress returns to join him and then the banqueting manager produces the final reveal.

### S.O.D.S OPERA

S.O.D.S Opera originated from the Navy as a way to make enjoyment in the evening as the "Ship's Own Dramatic Society".

When visiting a Navy Mess some time ago, The S.O.D.S. Opera was mentioned. A young Serviceman asked "What is a S.O.D.S.Opera?" The explanation by older members led to an impromptu performance of several songs and ditties, as far as they could be remembered; and that is the whole point.

To carry on this life long tradition, the groups will all be given a box of clothes and will all choose an envelope which will include a famous film or song title – examples such as:  
Pirates of the Caribbean  
Mama Mia  
Star Wars

The teams will then be given a length of time to choose their song/performance or ditti, choose their cast and practice their performance ..... before performing it live to all their other delegates and a carefully chosen panel of judges !
