

Our Olympix Challenge is a awesomely exciting and exhilarating party where children enjoy a series of different challenges to include the balance board, soccer shoot out, basketball shoot out, curling, sling toss and javelin, then the children tackle our specially designed inflatable "Olympix Run Relay Race" course divided into lanes with various challenges to overcome testing speed, agility and endurance. A tiring and testing challenge - be prepared for a good nights sleep! As with all of our events we do have a policy of "everyone's a winner" and the award ceremony at the end will be presented in this way – except..... the birthday child or host will now have a "special final race", normally against a carefully selected individual (time for mum and or dad to hide!) to determine who is the Olympix Run Champion.

# OLYMPIX BIRTHDAY PARTY
