

Schools and Colleges could use Battlefield Live as part of their sports and social curriculum because it is a fantastic team game that is high energy, tactical and above all fun and entertaining.

Sports/After School Clubs and teams would benefit from participating in this activity as we feel it would aid awareness, team spirit and logical thinking skills. We have found that the recruits learn that this simulated combat can be used to enhance their abilities in their chosen sport with fantastic results.

DEAR RECRUITS WELCOME TO BATTLEFIELD LIVE

.... YOU'VE SEEN THE MOVIES YOU'VE PLAYED THE GAMES ... NOW LIVE 'EM!

Your mission is to undertake a brand new, exciting and authentic combat system using sophisticated gaming guns with infra-red technology - Battlefield Live is outdoor combat gaming at it's best!

The state of the art guns are totally safe and are used by the Royal Marine Commandos for combat simulation training. After extensive research the Royal Marines declared these guns as the best of their kind.

Unlike Paintballing, there is no pain or bruising, and no heavy padding or sweaty face masks to wear, the guns are the most realistic simulation, short of joining the military! Gun feedback is in real-time - providing an immediate adrenaline rush with special effects - players are thrilled out of their brains!

Battlefield Live can be enjoyed by all ages, and all combat games mirror military scenarios to ensure an authentic experience. Teamwork is the key to achievement and you will need wits, skill, strategy and stealth to overcome the opposition.

THE MISSIONS

You will be deployed to **BASE CAMP** where the **COMMANDING OFFICER** will brief you on your objectives and safety requirements and provide you with camouflage clothing, face paint and your choice of weaponry. All that is left to do is get down and dirty!!

Your mission will commence and each 'Company' battles it out in a game of strategy, quick thinking and above all fun! When one of the recruits fails to complete the mission and has used all lives given the gun will deactivate - therefore allowing no room for cheating!! The ammunition is non restrictive so unlimited firing with no hidden costs.

Our Woodland terrain will provide you with a great outdoor experience and you will discover a variety of shelters, whether natural or provided to ensure cover from the opposing team.

THE PRICE
